**FIGURE 4**  
Partial List of Compression Schemes

Name
• 2-D Run-length lossless encoding scheme
• YUV chroma sub-sampling (4-2-2, 4-H)
• Adaptive pulse code modulation
• Straight RGB (24 bit)
• Discrete Cosine Transform
• Wavelet Transform

Figure 4 is a partial list of compression schemes. The schemes listed are: 2-D Run-length lossless encoding scheme, YUV chroma sub-sampling (4-2-2, 4-H), Adaptive pulse code modulation, Straight RGB (24 bit), Discrete Cosine Transform, and Wavelet Transform.
